## PREFACE

---

The Publishers in presenting their Fifteenth Annual Edition of the London City and Middlesex County Directory, beg to thank their numerous patrons for their liberal support. It is to be hoped that the new directory will meet with the same cordial approval of the subscribers as the last edition, as every known means has been taken to render it accurate and up-to-date in every detail.

The number of names in the Alphabetical Directory is 30,208. Using the usual multiple of  $2\frac{1}{2}$ , this gives the population of London and suburbs as 75,520.
